

# Meridian 9417 Quick Reference Sheet

## PROGRAMMING YOUR PHONE

- With the handset in the cradle, press SAVE.
  - Press the AutoDial button you are programming.
  - Dial the telephone number or feature code exactly as you would normally dial it (4-XXXX or 9-XXX-XXXX).
  - Press SAVE a second time.
  - Follow the instructions on the digital display to assign a name to the AutoDial button.
- OR, press SAVE a third time.

*AUTODIAL buttons are programmed by the user.*

### AutoDial

Program the AUTODIAL buttons following the instructions "Programming Your Phone."

- Lift the handset and press the programmed AUTODIAL button.

### Call Forward

- Lift the handset and dial \*72.
- After tone, dial the number you wish to forward your calls to and hang up. (Calls can be forwarded to on-campus extensions only.)

To cancel: Lift the handset and dial \*73.

TIP: For convenience, program this feature to an AUTODIAL button.

### Last Number Redial

- Lift the handset and press the REDIAL button.

### Music on Hold

- With the caller on the line, press LINK
- Dial \*95 and hang up.
- To return to the caller, lift the handset.

### Three Way Call/Transfer

- Call the first party.
  - Press LINK.
  - After you hear dial tone, dial the second party.
  - After the second party answers, press LINK to connect all three parties.
- TIP: This feature is similar to TRANSFER.

### Call Pickup

- Lift the handset and dial \*76.
  - You will intercept a call coming into another phone in your Call Pickup Group.
- TIP: If more than one line in the group is ringing, you will intercept the one that began to ring first.

### MESSAGE WAITING INDICATOR:

“Stutter dial tone.” Indicator lamp by request.  
Voice Mail available by request on TSR.

## Call Waiting

- At the tone, press the switch hook for 1 second.
- Press the switch hook for 1 second each time you want to switch between calls.

NOTE: You should cancel call waiting to use a modem.

TO CANCEL:

- Listen for dial tone.
- Press \*70.
- Dial the number. Call waiting is restored when you hang up.

## Caller ID with Number

- View the telephone display before picking up the handset (numbers will display after the second ring).

NOTE: This works for all numbers within the local Tallahassee calling area. If a call is unidentifiable, \*\*\*\*\* will appear on the display.

## Repeat Dial

- After getting busy signal, hang up.
- Lift handset & dial \*66.
- Wait for the recording, then hang up.
- Repeat Dialing will monitor the line for 30 minutes.
- A distinctive ring lets you know when the line you were calling is free.

TO CANCEL Repeat Dialing

- Dial \*86.
  - Repeat dialing will cancel automatically after 30 minutes.
- TIP: Repeat Dialing can monitor more than one line at a time.  
This will not work for telephone registration.

## Speed Call (Program Long, Program Short)

TO PROGRAM SPEED CALL:

(NOTE: Only your office's telephone administrator has programming capability.)

- Lift the handset and dial \*74 (for Speed Call Short) or \*75 (for Speed Call Long).
- After the tone, dial a one-digit code (0-9) for Speed Call Short or a two-digit code (00-29) for Long.
- Dial the phone number, exactly as you would normally dial it (4-XXXX or 9-XXX-XXXX). Press the # key. After the tone, the number has been saved and you can hang up.

TO USE SPEED CALL:

- Lift the handset and press \*, followed by the one or two-digit code.

## Call Trace

- Immediately after receiving a harassing phone call, hang up.
- Lift handset, dial \*57, follow recorded instructions.
- After getting the recording, hang up. Lift the handset and dial 311.
- The number will be released to the FSU Police.

NOTE: CALL TRACE is for harassing or threatening calls only. A police report must be filed. There will be a charge for a successful trace.
