

Complete peace of mind...

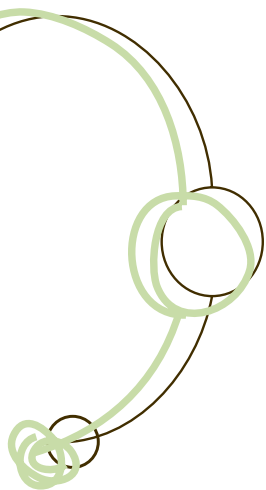

Phone maintenance too is more advantageous the Florence way. Compared with the big telecom companies, savings up to 40% are made possible with plans that cover what is in effect mostly needed. **Again the service is ISO 9001:2000 certified and can be delivered within 24 hours.**

Rates that compete.

FOR WHOM AND WHY FLORENCE...

The Florence difference makes perfect sense for any owner or manager of a large phone pool wishing to reduce operational costs without compromising quality. Florence offers customized solutions in four no nonsense ways under one roof – remaining connected to the business reality.

Answering special needs...

Making life at work more comfortable and productive is another way to qualitatively optimize a telephone pool. **Florence is the exclusive Canadian distributor of LEM ultralight headsets.** Their European design allows for optimal acoustics and special settings.
